Future Directions

Heavy Vehicle Regulations - 2010 & Beyond

CVIAQ is at the forefront of developments in heavy vehicle regulations and the introduction of new technology.

Keep up with new vehicle combinations and technology and the introduction of new government requirements from State and Federal regulatory authorities.

Don't miss this opportunity to meet the regulators from both a State and Federal level. Hear the latest news from the people who are actually on the cutting edge and are providing input direct to State and Federal Transport Ministers. Have the opportunity to ask questions in the moderated forum at the end of the day.

Lunch, morning tea & refreshments provided
